POLICE REPORT

A bad accident in Albany, when two cars came together with force enough to tip one over on its side, was investigated by the Chief of Police. The mishap took place on the State Road near the junction of the Madison road. The car coming from the direction of Chocorua rolled over several times.

One man was seriously injured and was taken to the hospital. He subsequently recovered.

Apparently liquor was not involved, so far as the drivers were concerned.

As the accident happened on the State Road, the State Police made a full report to the Registrar in Concord.

No criminal negligence seemed responsible for the disaster.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books and other financial records of the school board of Albany of which this is a true summary for the fiscal year ending June 30, 1944, and find them correctly cast and properly vouched.

RICHARD McKEY

July 14, 1945

REPORT OF SUPERINTENDENT

To the School Board and Citizens of Albany:

Statistical data for the school year ending in June, 1945, is as follows: Number of pupils 17; percentage of attendance 95; number transported 13; visits of nurse 18; visits of superintendent 12.

The Albany school was closed because no teacher was available for the position. Arrangements were made for the pupils to be transported to Conway.

There are more high school teachers available now than there were last summer but the supply of elementary teachers has not increased. It does not seem likely that there will be candidates for one-room rural schools for the present.

Pupils from Albany who are attending high school are: Eva Brown and Joseph Covin.

Respectfully submitted,

HAMMOND YOUNG
